

comprehensive, locally based efforts such as the Safe Schools/Healthy Students Initiative. Across the Nation, 77 communities have received \$147 million under this innovative program to fund enhanced educational, mental health, and law enforcement services. Programs such as this one allow us to promote the healthy development of our students and to identify those children who may be having problems and get them the help they need to turn things around. By working together, we can continue our success in making America's schools safe for each and every student in our Nation.

Statement on Reaching the Nation's Highest Homeownership Rate

October 26, 2000

Today I am proud to announce that our Nation has broken a new record. According to the Department of Housing and Urban Development, America has reached its highest homeownership rates ever. This is tremendous new evidence that more and more American families are realizing the dream of owning their own home. Higher homeownership rates help build stronger families, create more stable communities, and raise living standards for all Americans.

Vice President Gore and I came to office committed to a strategy to make it easier for American families to buy their own homes. By providing record levels of homeownership loan assistance, increasing the availability of affordable housing, providing incentives to save for a home purchase, and maintaining our commitment to fiscal discipline that has kept interest rates low, we have worked to ensure that every family has the opportunity to own their own home. I would like to particularly thank Vice President Gore and Secretary Cuomo for their excellent leadership in working with families, especially in low-income and empowerment communities, to help make homeownership a reality.

Statement on Reauthorization of the Older Americans Act

October 26, 2000

Older Americans all across the country have reason to cheer today. After more than 5 years of congressional inaction, the Senate voted to approve legislation to reauthorize the Older Americans Act. I look forward to signing this measure of vital importance to our Nation's older Americans.

The Older Americans Act ensures that seniors in every State have access to meals, nursing home ombudsmen, legal assistance, elder abuse prevention, employment and transportation services that are essential to their dignity and independence. Enactment of the Older Americans Act Amendments of 2000 will strengthen and improve these services.

I am especially pleased that the final legislation includes the National Family Caregiver Support Program—a key administration priority designed to provide respite care and other supportive services to help hundreds of thousands of families who are struggling to care for their older loved ones who are ill or disabled.

I applaud the bipartisan leadership in the U.S. Senate for its outstanding efforts to approve the Older Americans Act Amendments of 2000. Finally, and most important, I want to pay special tribute to the aging community for its tireless commitment to the needs of older Americans.
